Letter of support

It is with pleasure and an honor that I write this letter of support for Ashot Gevorgyan as a candidate for a position of steering committee member at EHRA.

As a member and President of the organization and have observed this person is well-studied, carefully prepared, and always thoughtful in deliberations. As a leader, Ashot Gevorgyan courageously puts forth possibilities that may not be mainstream but are worthy of consideration. In other words, he pushes one to look at all perspectives, even some unlikely. He exhibits a direct demeanor but does not force issues. Ashot Gevorgyan requires sufficient data for decision-making but is ready to move when that need has been satisfied. The outcome is confidence that a decision is well-grounded, bold when the need arises, and attainable. The candidate's active leadership and involvement across a broad spectrum of activities is representative of commitment and dedication to the purposes of Dignity Movement and improvement of harm reduction services and policies in Armenia.
