

I am Pavel Georgievich Divakov, since 1999 I have been working in the Positive Movement. At the moment I work as a social worker at the mobile prevention point. HIV / AIDS Consultant. Consultant and social worker in the DROPIN. In the office of the Positive Movement.

I was opening organization "Your Chance". I am a member of the Board of the Organization. I volunteer to help people from the OST program. I am consulting.

I worked as a consultant psychologist on the HIV / AIDS hotline. By my own initiative, I helped clients to find a job. I worked in the "Nastenka" organization. We were engaged in humanitarian aid in prisons. Although I work only in the POSITIVE MOVEMENT, I am also leading two groups in Telegram and in Viber. I help with social support. I find lawyers, psychologists for clients. With my experience I help to leave/exit of OST programme.

MYSELF, I'VE BEEN ON THE PROGRAM for 4.7 years. And left it by myself. I attend seminars on Hepatitis, TB, Covid. And HIV / AIDS. Since 2002, I have attended many HIV + conferences.

I want justice, help clients. Not on papers and reports. But in real life. Since I see a lot that people seem to want to help. But for them, their financial position is more important. Not help. I don't help for money. For me, the main thing is to help at least one person. I share my experience. I am for the truth and help. I will not nodding who speak lies and hypocrites and arrogant people. Many are afraid to invite because I speak the truth. And I'm not afraid to speak. In the eyes.

It is not difficult to write and sign the work done in (" "" """). But it doesn't have to be that way. We live in such a time that we need to help not on pieces of paper but by our actions and deeds. And many are hiding behind. I will write right away, in my own words I can say a lot and in an accessible language. Yes, I do not hide, I am not very literate. But I can clearly convey. And many are asking for help. And I help as much as I can. This is the way I am.

I want help to reach our clients. Sorry for such a revelation. But it's true. I can paint beautifully on paper what I did. It is necessary not on paper, but it is necessary to help with your useful deeds and advice and help. Thanks.

But I want justice. Maybe I'm so naive. But this is how I grew up and this is how my parents taught me. To tell the truth. Although I myself have served in prisons more than once. But I was able to change my life. And I want to help.

Best regards,

Pavel Divakov
